

# CS 346: Daily Standup

Team #: 215

Date: Feb 15

## Questions

Enter comments below. If a team member is absent, fill in their name, and put a line through the answer section.

Name	What have you completed since last meeting?	What are you going to complete today?	What obstacles are in your way?
Simon	Completed 'Compile' button to copy text to visual component	Work on file directory window pane	Issues with importing images as resources
Vansh	Learnt about the Springboot infrastructure and assisting modules (Eg: H2, etc)	Implemented the first basic File Controller with its interface and a local database	Not knowing about Azure and SQLite to connect the backend to a remote database
Dan	Added toolbar functionality for bold, strikethrough, etc	Seperate toolbar into a menubar over a toolbar, try to work on obtaining wordcount	Learning how to work with listeners on a textarea
Terence	Learnt about basic Springboot infrastructure	Implemented Save File Function	Not knowing how to implement springboot on Azure and database

## Outstanding

Do we need help with anything?

## Decisions

Is there anything else we should capture from this meeting?
